Dear Mr Dumisani Zikhali,

CONGRATULATIONS ON YOUR SELECTION AS A NATIONAL GAZELLE "TOP 40" MEMBER

It gives us great pleasure to inform you that you have been selected, after a rigorous four-stage process, to be a member of the prestigious National Gazelles entrepreneurial business growth programme.

You are one of a group of 40 businesses around the country who will make up the 2017 intake for the programme. You join the existing 2016 Top 40, which means there are now 80 high-potential SME's around South Africa that are part of the programme.

Indeed, part of the value of being a National Gazelles is being part of this network of like-minded entrepreneurs. Many members have already partnered and collaborated with each other on business ventures.

The National Gazelles business growth programme is a blend of strategy development and implementation, financial support, targeted mentorship, business management skills development and networking, as well as other opportunity-focused activities and benefits. The over-arching objective is to accelerate your growth by ensuring that you develop and implement a sound strategy that grows your market share and competitiveness.
